Professional Summary

Motivated and detail-oriented MCA student aspiring to become a Full Stack Developer. Proficient in React.js, Node.js, .NET MAUI, and MySQL, with a passion for building scalable, user-friendly web and mobile applications. Experienced in collaborating on live projects during internships at Heedkeep and TalentGro Global, demonstrating strong problem-solving, teamwork, and a commitment to clean, efficient code.

SKILLS

- **Languages :** Java, JavaScript, C#, HTML, CSS, SQL
- **Frameworks & Tools :** React.js, Next.js, Node.js, MongoDB, React-Redux, PDFkit, Passport,Git, MySQL
- **Skill Set :** DSA, Logic Building, OOPS, DBMS, OS, Computer Communication And Networking

EXPERIENCE

- **Heedkeep**   Gurugram
  Development And Support Intern   *Jun 2024 - Oct 2024*
  - Designed and optimized **React.js components** to enhance Performance and integrate live camera video with multiple customisation features.
  - Developed **DotNet MAUI cross platform mobile app** to automate daily tasks, improving modularity, test coverage, and deployment scalability.
  - Reduced manual validation efforts by **40%,** through automated unit testing and integrated real-time test report feedback into developer workflows.

- **TalentGro Global**   Gurugram
  Intern   *Feb 2024 - Mar 2024*
  - Developed and integrated **frontend and backend APIs** using React.js, Node.js, and AWS to test backend performance for complex query patterns.
  - Benchmarked API response times and optimized payload handling, documenting architectural trade-offs for scalability.
  - Implemented **GraphQL**, reducing data fetching time by **30%** and improving backend performance.

PROJECTS

- **Wealth Stream (Reactjs , Nodejs, Mongodb, Chartjs)**   Live
  - Built a **secure stock trading platform** with **JWT authentication**, **PAN validation**, and **KYC verification** for a seamless user experience.
  - Created a **user dashboard** displaying stock listings with real-time data visualization using Chart.js.
  - Integrated **Multer** for secure image uploads during KYC and implemented **CRUD operations** for transaction history, product tracking, and watchlists.
- **WeConnect (Nextjs, React-Redux, Expressjs, PDFkit)**   Live
  - Developed and deployed a **professional networking platform** enabling users to share updates, connect, and showcase work experience.
  - Implemented a **secure authentication system** with React Router, enhancing user login protection.
  - Implemented **CRUD functions** for managing and updating profiles, leveraging user likes and share to achieve a 95% enhancement in user engagement.

Education

- **Gurugram University**   Haryana, India
  MCA. Computer Science and Communication Engineering (Artificial Intelligence) GPA: 7.9   *2024-2026*
- **Govt Ser. Sec. School**   Haryana, India
  Intermediate; 90.2%   *2020-2021*

HONORS AND AWARDS

- Solved **100+ problems** on **LeetCode**, strengthening algorithmic and logical thinking skills.
- **First Prize**, College-Level Science Exhibition.
- **Second Prize**, District-Level Science Exhibition.

- POSITIONS OF RESPONSIBILITY

- **Code Event Member**
  organized monthly coding events to enhance peer learning and technical engagement. *Oct 2024 - Present*

- **Web Development Mentor at GU, SLM**
  Guided students on open-source web projects and maintained repositories for collaborative development.
  Aug 2024 - Present
